

Hello! I'm Dr. Megan Ford (you can call me Megan), audiologist and owner of HearSmart Audiology, a private practice in Littleton, MA that I started just over 10 years ago after working for many years in various hospital settings. Tony has told me all about you! Well, not specifically, but I've gotten to know Tony and Darrylin over the past several months and I know you've been receiving excellent hearing healthcare from them and I'm excited to continue that care for you and your loved ones.

When you call HearSmart Audiology, you will likely talk to Amy, who will get your information, schedule your appointments, answer your questions, take messages and more. Ms. Amy Norman has been with HearSmart Audiology since May 2015 when she started as a temp and has been with us ever since. She has a nice, loud voice and lots of knowledge about health insurance plans and hearing aid benefits.

Dr. Richard Selleck was trained as an audiology resident at HearSmart Audiology while he was in his final year of graduate school at the Long Island Audiology Consortium. He returned to HearSmart Audiology as a full-time audiologist 2 years ago and a patient recently told him that he reminded her of Mr. Rogers, which he takes as a compliment and certainly aligns with his calm and caring demeanor.

We recently hired Ms. Sabrina Lomax as our Audiology Assistant while she finishes her graduate degree to become a speech and language pathologist from Worcester State University. She is one of the most helpful "jack of all trades."

On certain days, you may also meet Charlie, our office dog who loves to greet everyone as they come in. Although lately he has been staying at home with Dr. Ford's new kitten, Miss Maisy.

I'll tell you more about myself when I meet you in person but for now, know that I love changing lives through better hearing. I'm excited to help even more people as Darrylin and Tony sail off into the sunset and hand your hearing care over to us at HearSmart Audiology. I'm honored that they trust me to continue their care for you.

Please come to the Meet and Greet Get-together at Medical Arts Hearing Instruments that they are hosting for all of us on Thursday December 7, 2023 from 5PM – 7PM where you can meet myself, Amy, Rich and Sabrina and enjoy some light refreshments.

When you are ready to make your first appointment with us at HearSmart Audiology, please call us at 978-952-2500 or email Amy at hearsmartmail@gmail.com

Our office is located at: 435 King Street in Littleton, MA 01460. We have a large, free parking lot right in front and it is about an 18-20 minute drive from Medical Arts Hearing Instruments in Leominster.

We look forward to meeting you and your loved ones soon!

Sincerely,
Megan Ford, AuD
Audiologist and Owner of HearSmart Audiology
